Y-PLAN Resilient by Design Youth Challenge Summit

How can we make our communities more resilient in facing the effects of climate change?

UC Berkeley's Center for Cities + Schools is excited to invite you to join us for the **Y-PLAN Resilient by Design Youth Challenge Summit!**

More than 500 local students have been working with civic leaders and design teams from the Resilient by Design | Bay Area Challenge to conduct ecological, social, and political research about the impact of climate change and sea level rise on planning healthy, vibrant communities.

Young planners will share their innovative and implementable solutions for a more resilient Bay Area!
